

MICRO:BIT MOTEUR DC GRANDE VITESSE DOUBLE AXE COMPATIBLE AVEC LEGO NEZHA ... EF10154

Description

ELECFREAKS is an official Partner of micro:bit Educational Foundation focusing on developing educational and creative micro:bit accessories for the world. We devote to providing the most complete and excellent products and services to our customers. We have created tutorial blogs, learning materials, videos and fun case studies as part of building global micro:bit communities in education.

The Motor is used to give power to the building blocks. Compatible with LEGO is an essential item for making smart cars, robots and others.

This is a programmable motor for micro:bit
